Materials Use Policy

The Department of Archives and Special Collections carefully regulates the use of materials in its collections. Policies governing access, photoduplication, and publication of these materials are established by the Chair in consultation with the Director of Libraries and the Office of General Counsel of Loma Linda University. This policy attempts to balance the needs of users, the exclusive rights of the copyright holder, and the Department's own rights and responsibility toward its collections.

Access

Any individual wishing to use the Department's materials is required to complete and sign a Research Application and give information about the subject, scope, and purpose of the research being undertaken. Individuals working onsite must show current photo identification; letters of reference are not required. We may require users of high school age or younger to be accompanied by an adult. The Department grants all users equal access to its collections, subject to uniformly enforced restrictions placed on materials by donor or purchase stipulation, statutory authority, or by the Department itself for preservation, processing, or other administrative purposes.

Duplication

The Department will consider requests for duplication of materials on a case-by-case basis. The Department's staff does all photoduplication, and fees are assessed on a cost-recovery basis. Rush orders are accepted at the Department's discretion and are subject to additional charges. The Department will not duplicate any materials that might be damaged by the duplication process, nor will it duplicate an entire archive. Individuals needing to use large quantities of materials should plan to conduct research onsite since the Department limits the total number of copies it will provide to any one user for a single project. No materials may be duplicated that have had copying restrictions placed on them by purchase agreement, donors, depositors or by the Department itself for preservation, processing, or other essential purposes.

Generally, the Department provides research copies within the Fair Use and other provisions of U.S. Copyright Law, except for audio and moving-image materials. Copies in any format may not be further reproduced, sold, shared, or given to another person, company, or institution without the express written permission of the Department.

Publication

Individuals who wish to use Department material in a publication, performance, or broadcast must complete and submit the appropriate notification form. In addition to notifying the Department and (if applicable) paying a use fee, users must also obtain any necessary permissions from the copyright holder, which in some instances may be Loma Linda University.

Independent of any fees that may be assessed by a copyright holder, it is the policy of the Department to assess a fee for some uses of materials from its collections. Such fees are intended to offset a small part of the Department's costs for processing, preservation, and servicing of its collections. Fees for the use of images are determined by the print run and distribution of the intended publication. The Department reserves the right to assess a fee to quote from or publish manuscripts when use is deemed to be significant or extensive. Fees for the use of manuscripts are negotiated on a case-by-case basis. A complete copy of any publication (in any medium) that makes use of Department materials must be given to the Department for its collections.

USERS WILL DEFEND, INDEMNIFY, AND HOLD HARMLESS THE DEPARTMENT OF ARCHIVES AND SPECIAL COLLECTIONS, THE UNIVERSITY LIBRARIES, LOMA LINDA UNIVERSITY, ITS OFFICERS, EMPLOYEES, AND AGENTS AGAINST ALL CLAIMS, DEMANDS, COSTS, AND EXPENSES INCLUDING ATTORNEYS' FEES INCURRED BY COPYRIGHT INFRINGEMENT OR ANY OTHER LEGAL OR REGULATORY CAUSE OF ACTION ARISING FROM THE USE OF DEPARTMENT MATERIALS.
